FoodCycler™

THE IN-HOME FOOD WASTE DIVERSION SOLUTION

Join your Township in tackling food waste by piloting FoodCycler™ technology in your home.

Why should I participate?

Did you know that up to 50% of household waste is composed of food waste? By helping your municipality address food waste, you are supporting your community's environmental initiatives, while reducing your carbon footprint.

What is required of me?

Not much! Purchase a municipally subsidized FoodCycler™ and start diverting your food waste! As a municipally subsidized program, this discount is available only to tax paying residents of the Township of Georgian Bay. There is a limit of one FoodCycler purchase per household.
